

D6.9 Dissemination activities – Regional promotion events

Partner: AREANATEjo

Region & Country	<i>Sabugal (Portugal)</i>
Location of the event	<i>ExpoSabugal Multipurpose Pavilion (Portugal)</i>
Date	<i>November 11th – 13th 2021</i>
Main Objective(s)	<p><i>From November 11th to 13th 2021, AEANATEjo attended ENERTECH - ENERGY TECHNOLOGIES FAIR 2021 event, in Sabugal, Portugal (https://www.youtube.com/watch?v=qCG2bRO-ELs&feature=emb_imp_woyt).</i></p> <p><i>ENERTECH is a technology fair targeted at professionals of the energy and environment sectors, aiming to explore opportunities and develop trends in the renewable energy sector. Each edition intends to present the best that is produced in the area of energy, environmental sustainability and technological innovation. This is a space for sharing knowledge, a catalyst for business and strategic partnerships, but also a place for the whole family, with a diverse set of initiatives for all ages.</i></p>
Target audience	<p><i>Promoted by the Municipality of Sabugal, in partnership with ADES – Business Association of Sabugal, ENERAREA – Regional Agency for Energy and Environment of Interior, Polytechnic Institutes of Castelo Branco and Guarda and University of Beira Interior, this event also counts with the collaboration of several institutional entities, that promote it.</i></p> <p><i>In this edition, visitors had access to equipment demonstrations, environmental awareness workshops and a space for scientific dissemination, with the possibility of promoting bilateral meetings.</i></p>
Duration of the event	<i>3 days</i>
Main Message	<p><i>This initiative was attended by exhibitors belonging to the areas of energy, environment, technological research, universities and polytechnic institutes.</i></p> <p><i>In this event, AREANATEjo highlighted its participation in some European Projects, like EUROPA, its objectives and tasks, the recently created One-Stop-Shop, as well as some other</i></p>

initiatives developed together with the municipalities of Alto Alentejo region (our stakeholders).

Exchange of contacts and experiences, dissemination of the project, capitalization, among others

Expected results of the event
